Introduction to Study Guide

Welcome to the Avicenna Medical & Dental College Study Guide!

This guide serves as your essential resource for navigating the complexities of your medical education at Avicenna Medical & Dental College. It integrates comprehensive details on institutional framework, curriculum, assessment methods, policies, and resources, all meticulously aligned with UHS, PMDC and HEC guidelines.

Each subject-specific study guide is crafted through a collaborative effort between the Department of Medical Education and the respective subject departments, ensuring a harmonized and in-depth learning experience tailored to your academic and professional growth.

Objectives of the Study Guide

1. **Institutional Understanding:**
    - Gain insight into the college's organizational structure, vision, mission, and graduation competencies as defined by PMDC, setting the foundation for your educational journey.
2. **Effective Utilization:**
    - Master the use of this guide to enhance your learning, understanding the collaborative role of the Department of Medical Education and your subject departments, in line with PMDC standards.
3. **Subject Insight:**
    - Obtain a comprehensive overview of your courses, including detailed subject outlines, objectives, and departmental structures, to streamline your academic planning.
4. **Curriculum Framework:**
    - Explore the curriculum framework, academic calendar, and schedules for clinical and community rotations, adhering to the structured guidelines of UHS & PMDC.
5. **Assessment Preparation:**
    - Familiarize yourself with the various assessment tools and methods, including internal exam and external exam criteria, and review sample papers to effectively prepare for professional exams.
6. **Policies and Compliance:**
    - Understand the institutional code of conduct, attendance and assessment policies, and other regulations to ensure adherence to college standards and accrediting body requirements.
7. **Learning Resources:**
    - Utilize the learning methodologies, infrastructure resources, and Learning Management System to maximize your educational experience and academic success.

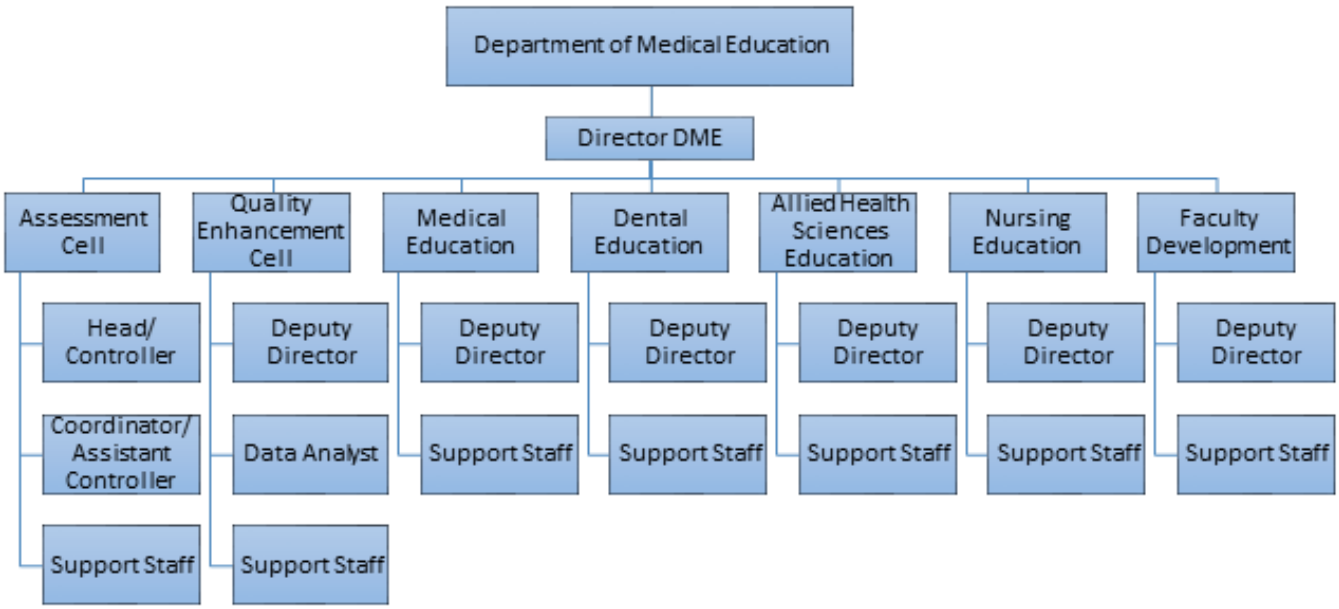

This guide, meticulously developed in collaboration with your subject departments, is designed to support your academic journey and help you achieve excellence in accordance with the highest standards set by PMDC and HEC.

DEPARTMENT OF MEDICAL EDUCATION

The Department of Medical Education (DME) serves as a cornerstone in delivering effective and high-quality education to both undergraduate and postgraduate medical and dental students. The DME is integral to the implementation and adoption of the latest curriculum provided by UHS and is responsible for organizing and managing related academic activities.

The DME will oversee the spirals of PERLs and C-FRC and monitor students' portfolio development and logbook completion. Additionally, the department is developing a mentoring platform and plans to initiate faculty development training which will focus on mentorship, reflective writing, and portfolio development skills. DME has a duty to collaborate with other disciplines to ensure that AVMDC students are not only competent in their respective fields but also well-trained in affective domains such as professionalism, ethics, research, and leadership.

A key responsibility of the DME is to plan and implement an effective training competency acquisition framework in collaboration with the academic council.

General Responsibilities of DME include:

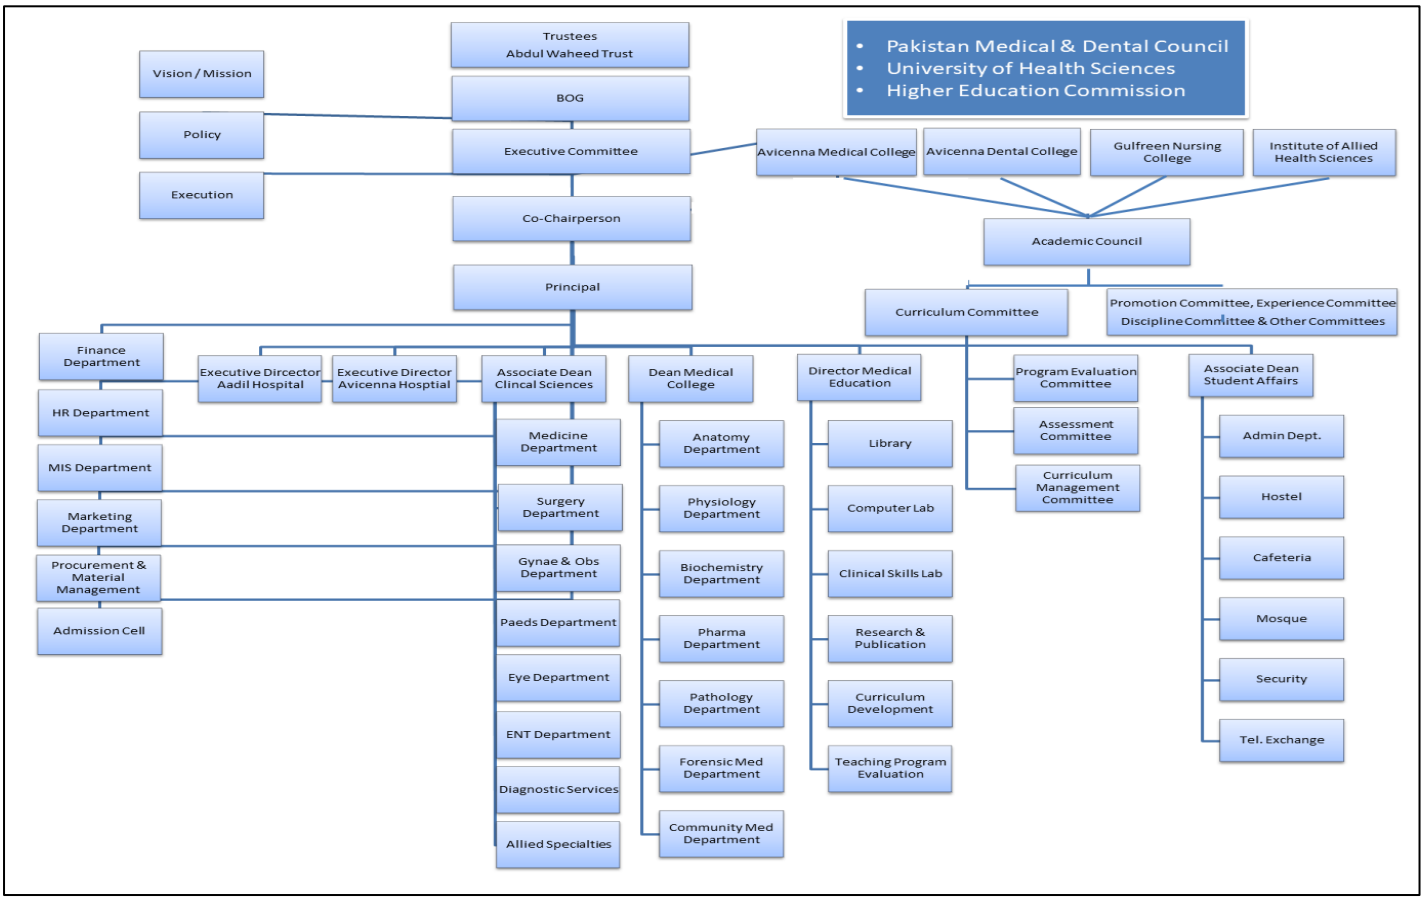

- Contribute and design, train the trainer activities which fulfill the need for undergraduate and postgraduate training.
- Shape and develop medical education research activities of the college.
- Facilitating & organizing workshops, seminars, symposia & conferences.
- Conducting CME activities to leverage culture of awareness, journal club.
- Networking by representing the college, when needed, in national /international meetings or conferences.
- Student counseling.
- Supervising students' academic progress.
- Academic Committees Development and Support.
- Staff Support and Development.
- Curriculum development and reform.
- Collaborate with curriculum committee and faculty members to develop quality instructional material such as modules, lecture, or study guides.
- Standard Operating Procedures for DME development.
- Skill lab management.

- Assessment analysis which includes blue printing, pre-exam review, item analysis and standard setting and provides feedback to concerned faculty and students on the learning outcome achievement.
- Develop and conduct periodical review of process of the program, learning and teaching activities, and assessment process.
- Identify opportunities for use of IT in teaching and learning, assessment and faculty development activities.
- Exam Cell management.
- Quality Assurance Cell management.
- Record keeping of departmental data.
- Leadership and management.
- Participation in overall planning and management of teaching in liaison with the departments.

Faculty	**Department**

Avicenna Medical & Dental College Overview

Institutional Organogram

Vision & Mission

Avicenna Medical & Dental College

Vision

The vision of **Avicenna Medical & Dental College** is to become a college that thrives to achieve improvement in healthcare of masses through creative delivery of educational programs, innovative research, commitment to public service and community engagement in a environment that supports diversity, inclusion, creative thinking, social accountability, life-long learning and respect for all.

Mission

The mission of **Avicenna Medical and Dental College** is to educate and produce competent, research oriented healthcare professionals with professional commitment and passion for life-long learning from a group of motivated students through quality education, research and service delivery for the improvement of health status of the general population.

Message from the Chairman

The Avicenna Medical & Dental College is a project of Abdul Waheed Trust which is a Non-profitable, Non-governmental, Non -political & Social organization, working for the welfare of Humanity and based on Community empowerment. Avicenna Medical College has its own 530 bedded Avicenna teaching Hospital (Not for Profit hospital) within the College Campus & 120 bedded Aadil Hospital, at 15 minutes distance. Separate comfortable hostels for boys & girls are provided on the campus.

Our students benefit from the state of the art College Library with facilities of Internet & online Journals that remain open 15 hours a day, for our students & faculty members. I am particularly pleased with the hard work by the Faculty and Students in the achievement of historic 100% results for all the classes. It is a rare achievement and speaks of dedication of the Faculty and Staff. Our motto is Goodness prevails and we aim at producing Doctors' who are knowledgeable, competent in clinical skills and ethical values.

Avicenna Medical College & Hospital was founded to provide quality health care services to the deserving patients belonging to the rural areas near Avicenna Hospital as well as to provide quality medical education of international standard to our students. The Hospital provides all medical services and Lab diagnostics to the local population at minimal cost. So far by the grace of Allah Almighty the number of patients being treated and operated upon at our Hospital is increasing every day as there is no other public or charity hospital in the circumference of 20km. We have already established two Satellite Clinics in the periphery which are providing outdoor care while admission cases are brought to the Hospital in Hospital transport.

Following the success of our reputable Medical College and Hospital, we were able to successfully establish Avicenna Dental College which is recognized by the Pakistan medical & Dental Council & University of Health Sciences. To date, we have enrolled five batches in our dental college and we aim to achieve the same level of success for our dental students as our medical students.

Chairman
Abdul Waheed Sheikh
Avicenna Medical & Dental College

Message from the Principal

Prof. Dr. Gulfreen Waheed
Principal Medical College
MBBS, FCPS, MHPE, PHD Scholar, (HPE)

As a Co-Founder and Co-Chairperson, I have been involved in planning, construction and accreditation of Avicenna Medical College by the Pakistan Medical and Dental Council (PM&DC) and its affiliation with the esteemed University of Health Sciences (UHS). It is a pleasure to see Avicenna Medical College develop, progress and achieve maximum academic excellence in a short period since its inception in 2009. The institution has lived up to its mission of training and producing medical graduates of international standards. Three batches have passed out as Doctors, who currently are serving in the country and abroad while several have opted for post-graduation and are on road to progress. We have achieved several milestones since 2009 including the recognition of our College for FCPS training by College of Physicians and Surgeons of Pakistan (CPSP), establishment of College of Nursing and Avicenna Dental College.

7-Star Doctor Competencies (PMDC)

According to national regulatory authority PMDC, a Pakistani medical/dental graduate who has attained the status of a 'seven-star doctor' is expected to demonstrate a variety of attributes within each competency. These qualities/ generic competencies are considered essential and must be exhibited by the individual professionally and personally.

1. Skillful / Care Provider.
2. Knowledgeable / Decision Maker.
3. Community Health Promoter / Community Leader.
4. Critical Thinker / Communicator
5. Professional / Lifelong learner.
6. Scholar / Researcher
7. Leader/ Role Model / Manager

About Avicenna Medical College

Avicenna Medical & Dental College is a purpose-built, fully equipped institution with experienced and excellence-driven faculty to train high-quality dental professionals in Pakistan.

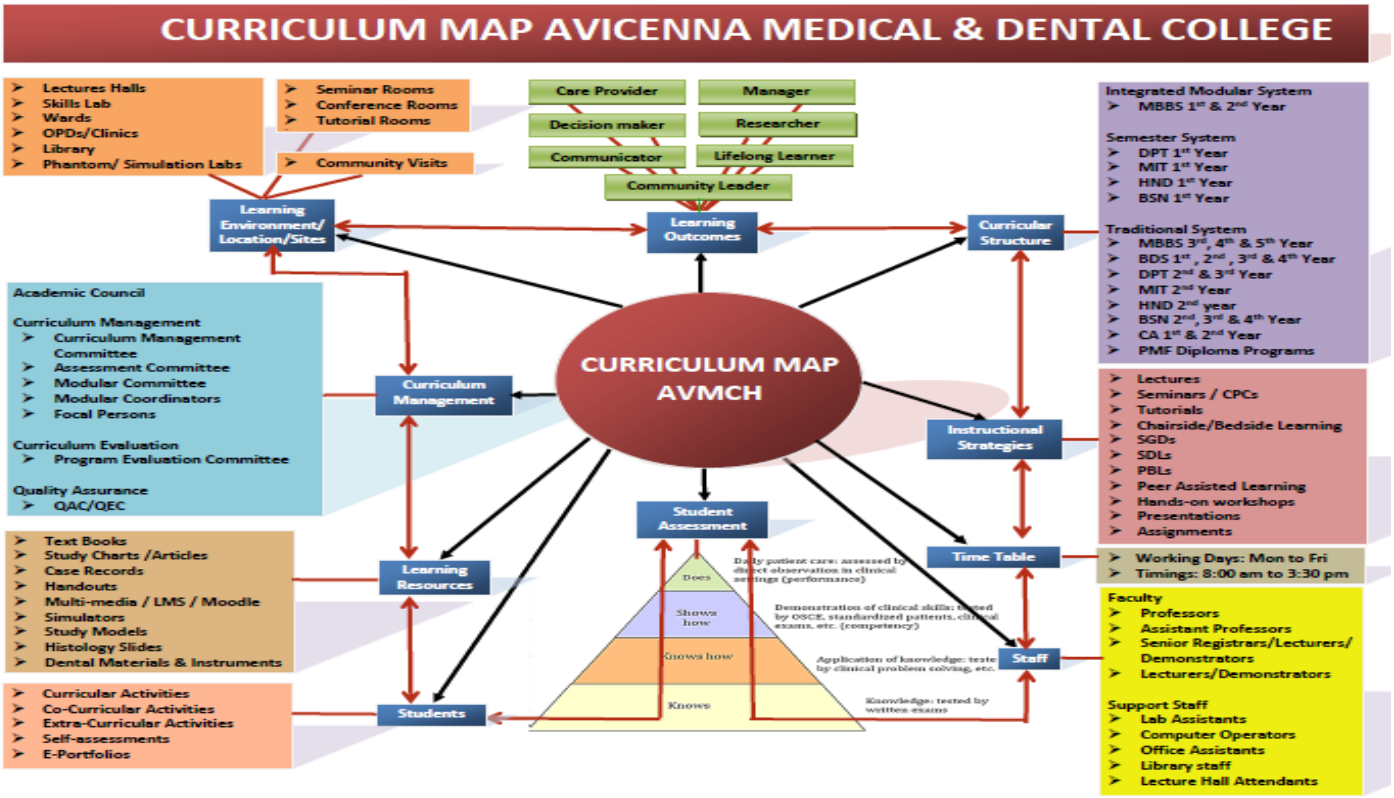

Avicenna Medical & Dental College runs under the umbrella of Abdul Waheed Trust. Abdul Wahid Trust is a non-profit social welfare organization and registered under the Societies Act with the Registrar of Societies. The Trust is legalized through a Trust Deed that bears necessary rectifications. The Trust Deed is further supported by its Memorandum and Article of Association that authorizes the establishment and operation of the Medical College, the Dental College, the Nursing College, the Allied Health Sciences College, and other activities in the healthcare sector.

In 2009, Avicenna Medical & Dental College was recognized by the Pakistan Medical & Dental Council. With the advent of advanced tools and technology in every field of health science, medicine today has shot up to the greater end of the gamut with superior choice and promises in medical therapy in the very vicinity of the common man. AVMDC promises to be one such neighborhood.

Curricular Map

This pictorial, vertical and horizontal presentation of the course content and extent shows the sequence in which various systems are to be covered. Curricular map to cover all the subjects and modules and the time allocated to study of the systems for the undergraduate programs offered at four colleges at campus are as follows:

Department & Subject Overview

Message from the Head of Department

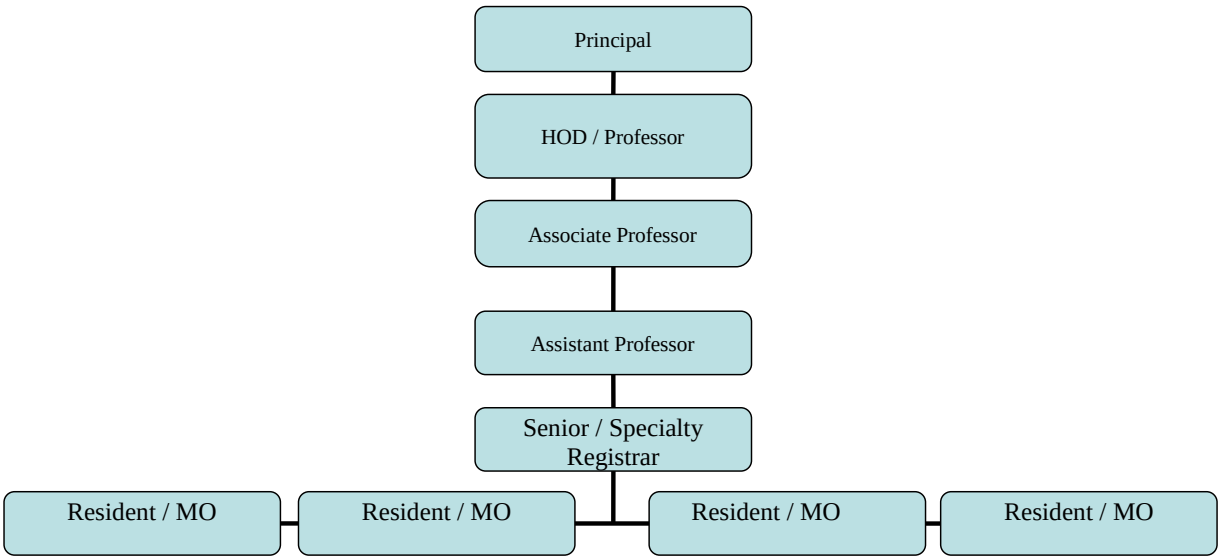

The ENT subject is included in the curriculum of fourth year MBBS according to PMDC regulations. At Avicenna medical college the teaching faculty is well qualified, trained to teach, dedicated and gives personal attention to all the students and continuously produces top results in University of Health Sciences. Our ENT curriculum incorporates well defined learning outcomes to innovative instructional strategies, hands on skills to bedside teaching, round the year exhaustive formative and summative assessments, end of term evaluations leading to planning for next academic year for continuous improvement in the curriculum. All these dimensions contribute to academic excellence in teaching at Avicenna, making it the most sort after academic institution for aspiring youth and their parents.

Prof. Dr. Rizwan Akbar Bajwa

M.B.B.S., F.C.P.S.

Departmental Organogram (as per PMDC guidelines)

Faculty Members

Name	Designation	Qualification
Prof. Dr. Rizwan Akbar Bajwa	Professor & Head of Department	MBBS, FCPS
Prof. Dr. Sami Mumtaz	Professor	MBBS, FRCS
Dr. Usman Aslam Sheikh	Associate Professor	MBBS, FCPS
Dr. Anam Asif	Assistant Professor	MBBS, FCPS
Dr. Behram Afzal	Senior Registrar	MBBS, FCPS
Dr. Amir Akram	Junior Registrar	MBBS

Goal of the Department

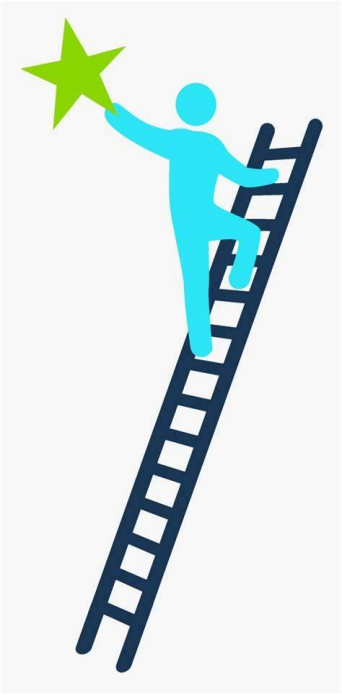

We seek to arouse the curiosity and thirst for knowledge in our students while providing a comfortable, safe, yet disciplined environment for the young minds. We encourage the students to not only ask questions, but also to discuss the problems faced by them at every step of their budding professional life. Each student is groomed on their language skills, presentation techniques, professional etiquette and problem solving capabilities. The overall goal of the imparted training is to ensure that the student should be able to treat minor ENT ailments and should be able to recognize emergent conditions and conditions requiring referral.

Course Objectives

- **Understand Anatomy and Physiology:** Gain a comprehensive understanding of the anatomy and physiology of the ear, nose, throat, and related structures.
- **Identify Common Disorders:** Learn to recognize, diagnose, and manage common ENT disorders and conditions, such as sinusitis, otitis media, and laryngitis.
- **Diagnostic Skills:** Develop skills in conducting and interpreting ENT examinations and diagnostic tests
- **Treatment and Management:** Acquire knowledge of both medical and surgical treatment options for various ENT conditions.
- **Patient Communication:** Enhance abilities in communicating effectively with patients, including explaining diagnoses, treatment options, and follow-up care.
- **Emergency Care:** Understand the principles of managing ENT emergencies, such as foreign body removal and airway management.
- **Interdisciplinary Approach:** Learn to collaborate with other healthcare professionals for comprehensive patient care.
- **Evidence-Based Practice:** Apply principles of evidence-based medicine to evaluate and implement current best practices in ENT care.
- **Ethical and Cultural Competency:** Develop an understanding of ethical considerations and cultural competencies relevant to ENT practice.
- **Preventive Measures:** Learn about preventive strategies and public health considerations related to ENT conditions.

Attendance Requirement & Internal Assessment Criteria

The institution follows the regulations for examinations of the UHS in letter and spirit. The students require **85% attendance** in all academic sessions and **50% marks** in internal assessments and send-up examinations to be eligible for the UHS Professional Examinations.

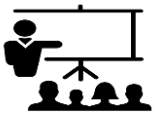

Learning Resources & Pedagogy

Book Recommendations

Sr.	Book Name	Author	Edition
1.	**Diseases of Nose, Throat, & Ear**	Logan Turner	11th
2.	**Diseases of Ear, Nose, & Throat**	P. L. Dhingra	12th
3.	**Current Diagnosis & Treatment ENT**	Anil K. Lalwani	4th
4.	**Oxford Hand Book of ENT**	Rogan Corbridge, Nicholas Stevenson	3rd

Traditional & Innovative Teaching Methodologies

Sr.	Pedagogical Methodologies	Description
1.	Lectures	Traditional method where an instructor presents information to a large group of students (large group teaching). This approach focuses on delivering theoretical knowledge and foundational concepts. It is very effective for introducing new topics.
2.	Tutorial	Tutorials involve small group discussion (SGD) where students receive focused instruction and guidance on specific topics.
3	Demonstrations	Demonstrations are practical displays of techniques or procedures, often used to illustrate complex concepts or practices, particularly useful in dental education for showing clinical skills.
4	Practicals	Hands-on sessions where students apply theoretical knowledge to real-world tasks. This might include lab work, clinical procedures, or simulations. Practicals are crucial for developing technical skills and understanding the application of concepts in practice.
5.	Student Presentations	Students prepare and deliver presentations on assigned topics. This method enhances communication skills, encourages students to explore topic in-depth. It also provides opportunities for peer feedback and discussion.
6.	Assignment	Tasks given to students to complete outside of class. Assignments can include research papers, case studies, or practical reports. They are designed to reinforce learning, assess understanding, and develop critical thinking and problem-solving skills.

7.	Self-directed Learning	Students take initiative and responsibility for their own learning process. Students are encouraged to seek resources, set goals, and evaluate their progress. This is a learner-centered approach where students take the initiative to plan, execute, and assess their own learning activities. This method promotes independence, critical thinking, and lifelong learning skills.
8.	Flipped Classroom	In this model, students first engage with learning materials at home (e.g., through videos, readings) and then use class time for interactive activities, discussions, or problem-solving exercises. This approach aims to maximize in-class engagement and application of knowledge.
9.	Peer-Assisted Learning (PAL)	A collaborative learning approach where students help each other understand course material. PAL involves structured peer tutoring, study groups, or collaborative tasks. It enhances comprehension through teaching, reinforces learning, and builds teamwork skills.
10.	Team-based Learning (TBL)	A structured form of small group learning where students work in teams on application-based tasks and problems. Teams are responsible for achieving learning objectives through collaborative efforts, promoting accountability, and deeper understanding of the material.
11.	Problem-based Learning (PBL)	Students work on complex, real-world problems without predefined solutions. They research, discuss, and apply knowledge to develop solutions. PBL fosters critical thinking, problem-solving skills, and the ability to integrate knowledge from various disciplines.
12.	Academic Portfolios	A collection of student's work that showcases learning achievements, reflections, and progress over time. Portfolios include assignments, projects, and self-assessments. They provide a comprehensive view of student development, highlight strengths and areas for improvement, and support reflective learning (experiential learning)

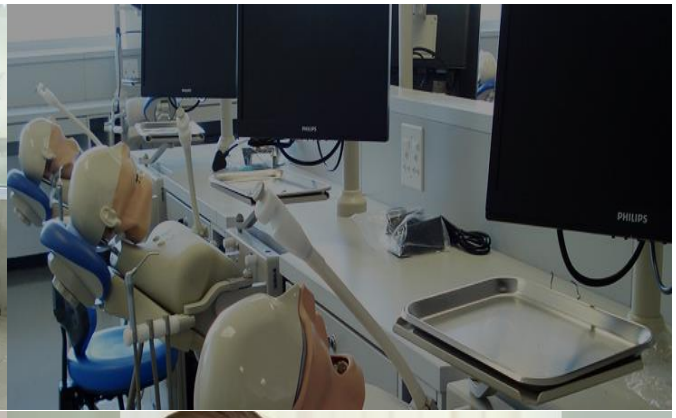

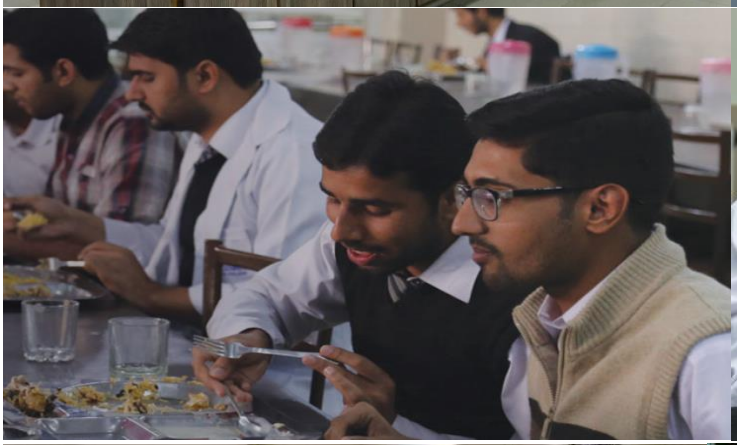

Flipped Classroom

Infrastructure Resources

Sr.	Infrastructure Resources	Description
1.	Lecture Hall	Each year has a dedicated lecture hall, totaling five lecture halls for the five professional years. These halls are equipped with modern audiovisual aids to support effective teaching and learning.
2.	Tutorial Room	The college's tutorial rooms, each with a capacity of 30, are specifically designed to support small group discussions and interactive sessions. These rooms facilitate personalized instruction, enabling more engaged and effective learning through direct interaction between students and instructors.
3.	Lab	The college is equipped with state-of-the-art laboratories for practical and clinical work. Each lab is designed to support various disciplines, to facilitate hands-on learning.
4.	Library on campus	A huge library occupies full floor has 260 seats including study carrels and group-discussion tables. Latest reference books, of Basic and Clinical Sciences along with national & international journals are available in the library.
5.	Digital Library	The digital library offers access to a vast collection of e-books, online journals, research databases, and other digital resources. It supports remote access and provides tools for academic research and learning.
6.	Learning Management System (LMS)	The LMS is a comprehensive online platform that supports course management, content delivery, student assessment, and communication. It provides tools for tracking progress, managing assignments, and facilitates ongoing academic activities.
6.	Phantom Labs	Specialized Phantom Labs are available for advanced simulation and practice in dental procedures. These labs provide high-fidelity models and simulators that help students refine their clinical skills in a controlled environment.
7.	Mess & Cafeteria	The College has its own on-campus Mess which caters to 600 students. All food items including dairy, meat, and vegetables are sourced organically and bought in at the time of cooking, in order to ensure that students get freshly cooked meals at all times Students form the Mess committee which decides the mess menu in consultation with other students. The Mess offers fresh food to all residents three times a day. However, day scholars are also welcome to use the Mess facility at a reasonable cost. Two 50- inch LCD screens provide students an opportunity to get entertained during their meal times.
8.	Gymnasium & Sports	We recognize sports as a pivotal key to shape and maintain students' personality and good health. The College has indoor and outdoor sports facilities to help enhance the cognition and capacity to learn. There is a proper sports section for various games like basketball, football, volleyball, and cricket.

		The gym itself is fully equipped with modern machinery both for students and faculty.
9.	IT Lab	The IT Lab is equipped with modern computers and software available for students who need access for academic purposes.
10.	Auditorium	The college has a spacious auditorium equipped with advanced audio-visual facilities. It is used for large-scale lectures, guest presentations, and academic conferences, providing a venue for students to engage with experts and participate in important educational events.
11.	Examination Halls	The college provides dedicated examination halls that are designed to accommodate a large number of students comfortably. These halls are equipped with necessary facilities to ensure a smooth and secure examination process, including proper seating arrangements, monitoring systems, and accessibility features.

Digital Library & Learning Management System (LMS)

1. The COVID-19 pandemic highlighted the necessity of interactive online teaching for better retention of topics by students. Strategies like online learning management system (LMS), online discussions, online quizzes, assignment design, and flipped learning enhance student engagement in online education when needed.

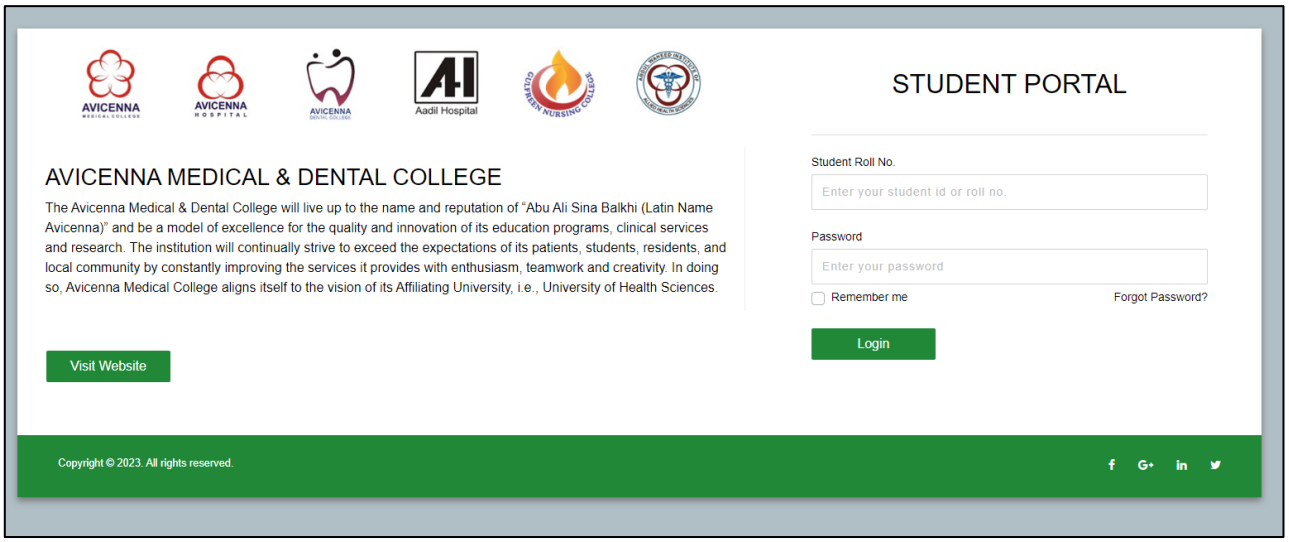

2. Avicenna Medical & Dental College lays emphasis on the provision of learning material and online video lectures, video tutorials in the e-library and learning resource center, which has a dedicated website of Avicenna Medical College to enable the students to develop concepts and clarify their doubts, if they have not been able to do so in the teaching sessions during college hours. The digital library can be approached on http://digital.avicennamch.com/.

3. The institution has also endeavored to link itself with the digital libraries and e-library of the University of Health Science (UHS) and Higher Education Commission (HEC) to enable the students to benefit from the valuable resource material, lectures and knowledge bank at these sites. The links are available with the HEC http://www.digitallibrary.edu.pk/ and learning management system of UHS http://lms.uhs.edu.pk .

4. The Learning Management System (LMS) at Avicenna Medical & Dental College is a comprehensive platform managed by the Department of Student Affairs. It is designed to facilitate effective communication and information exchange between students, parents, faculty, and administrative staff. The LMS portals are specifically tailored to meet the needs of the following stakeholders:

   a. **Students**: For academic resources and scheduling.
   b. **Parents:** For monitoring academic progress and other relevant information.
   c. **Faculty:** For managing course content and academic activities.
   d. **Department of Student Affairs:** For overseeing administrative functions.
   e. **Department of Medical/Dental Education:** For overseeing academic functions.

5. Students can access a comprehensive range of academic resources and information through the student portal. By logging in with their roll number and password, students can:

   - Look at their attendance and results.
   - Review academic activities and weekly timetables/schedules.
   - Access rotation planners and test schedules.
   - Check for any notification, assignment or resource material from their teachers.

6. The information to the parent is duplicated by the issuance of the password and login to the Students Learning Management System which is dedicated to the Academic Program of the students. The parents can view the following by logging in to the mobile app of Avicenna Student Management System:

   a) Syllabus
   b) Table of specifications
   c) Annual Planner
   d) Synopsis
   e) Block Time Table
   f) Weekly training program
   g) Allocation of Marks
   h) Assessment calendar
   i) Results of tests / exams*
   j) Students' attendance record
   k) Fees & fines

Assessment Guidelines

Assessment in medical & dental education is a critical component designed to ensure that medical & dental students acquire the necessary knowledge, skills, and competencies required for effective medical & dental practice.

Assessment drives learning! – George E. Millar

You will encounter a variety of assessment methods, each serving a specific purpose.

- Written examinations, including multiple-choice and essay questions, will test your grasp of theoretical concepts and subject matter.
- Practical assessments will require you to demonstrate your clinical skills and ability to apply knowledge in real-world scenarios.
- Clinical exams will evaluate your communication skills and reasoning abilities through case discussions and problem-solving exercises.
- Clinical skills and work-place based assessments will observe your hands-on proficiency and patient management capabilities.

At Avicenna Medical & Dental College, internal assessments are systematically conducted throughout each academic year of the MBBS program, as per the guidelines established by the University of Health Sciences (UHS). These assessments, overseen by the Assessment Cell, adhere to either the Annual Subject-Based System or the Integrated/Modular System, depending on the curriculum structure.

Notably, beginning with the 2024-25 academic year, the weightage of internal assessments will be increased from 10% to 20%. The UHS administers professional examinations independently, organizing them at designated neutral sites and appointing external examiners to ensure objectivity and fairness.

Internal Assessment Weightage	10%	100 %
External Assessment Weightage	90%	

Internal Assessment

How is Internal Assessment Calculated for your department?

Internal Assessment		**Assessment Methods** (MCQ/SEQ/OSCE/Viva/ Practical)	**Percentage Weightage** (write N/A where not applicable)

MCQ

AUTHOR: Dr. Rizwan A. Bajwa
DATE: 08/01/2024
DISCIPLINE/SUBJECT: ENT
TOPIC: Oroantral Fistula
LEVEL OF STUDENT: 4th Year MBBS
AREA: Diagnosis

Item Writing Template

Stem: A 25 years old girl, who had her right 2nd upper premolar extracted about a week ago, now complains of headache with pain in upper jaw & swelling & tenderness of cheek. On examination there is mucopus in the middle meatus. **Lead in:** What is the most likely diagnosis

Option:

a) Acute maxillary sinusitis
b) Cheek Abscess
c) Ludwigs angina
d) Oroantral fistula*

COGNITIVE LEVEL: Application
DIFFICULTY LEVEL: Moderate
IMPORTANCE: Must Know
REFERENCE: **P. L. Dhingra 7th Ed., Page No. 208**

SEQ/SAQ

AUTHOR: Dr. Rizwan A. Bajwa
DATE: 08/01/2024
DISCIPLINE/SUBJECT: ENT
TOPIC: Septal Abscess
LEVEL OF STUDENT: 4th Year MBBS
AREA: diagnosis & management

Scenario
A 25 year old male with history of nasal trauma 5 days back, complains of nasal blockage, fever and painful swelling of nose. On examination, there is swelling of either side of nasal septum.

Questions	**Marks**
a) What is the most likely diagnosis	**1**
b) How will you manage this patient	**4**

Key	**Marks**
a) Septal Abscess	**1**
b) 1. Admit patient 2. Incision and drainage of Septal abscess 3. Suction is done to remove pus and necrosed pieces of cartilage. 4. Bilateral Nasal packing 5. Systemic Antibiotics like penicillins for a period of 10 days.	**4**

COGNITIVE LEVEL: Application

DIFFICULTY LEVEL: Moderate

IMPORTANCE: Must Know

REFERENCE: **P. L. Dhingra 7th Ed., Page No. 168**

OSCE COVER SHEET

Station Title: Hearing Assessment

Type of Station: Observed

Discipline / Specialty: ENT

Marks: 04

Class Level: 4th Year MBBS

Time: 05 min

Estimated difficulty: Medium

Exam: Early Session

Taxonomy level: Understanding & Application

List of resources required: 2 chairs, 1 table / desk, Tuning Fork

---

Instructions for the Candidate: Your task is to read the provided scenario below thoroughly and then provide answers to the questions listed for the examiner.

Scenario : **A 25 years old male has presented with hearing loss. Perform tuning fork tests and interpret its result.**

Key:

1.	Introduction, Consent, Exposure	01
2.	Rinnie's Test	01
3.	Weber's Test	01
4.	Interpretation	01

Table of Specification

Unit/ Chapter	Topic/ Content	Student Learning Objectives	Mode of Information (MOIT)	Learning Domain (KSA-Model)	Assessment Method (No. of Questions)			
					MCQS	SEQs	Viva	OSCE/OSPE or Practical
EAR	Anatomy + physiology of ear	By the end of this topic, students will be able to: • To understand the applied aspect of anatomy and physiology	Lecture Tutorial Clinical Rotation	Knowledge (Cognitive C1) Skill (Pscyhomotor P1) Attitude (Effective A1)	1	X	✓	✓
	External ear canal	▪ To differentiate disease of external ear ▪ To know the treatment	Lecture Tutorial Clinical Rotation	C3 P3 A3	3	1	✓	✓
	Diseases of middle ear	▪ To understand different middle ear diseases(ASOM, CSOM, Otosclerosis, their presentations, investigation and treatment options	Lecture Tutorial Clinical Rotation	C3 P3 A3	8	1	✓	✓
	Diseases of inner ear	▪ To understand different inner ear diseases (meniere's disease, vertigo) their presentations, investigation and treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
	Deafness	▪ To understand the assessment of hearing and causes of deafness ▪ Understanding which investigations to be advised at particular age group	Lecture Tutorial Clinical Rotation	C3 P2 A3	1	1	✓	✓

		▪ To identify importance of Hearing Aid and Cochlear Implant						
	Tumors of ear	▪ To understand different tumors of ear (Glomus tumor / Acoustic Neuroma) and there treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
NOSE	Anatomy and physiology of nose & paranasal sinuses	To understand the applied aspect of anatomy and physiology	Lecture Tutorial Clinical Rotation	C1 P1 A1	1	X	✓	✓
	Nasal septum and its diseases	▪ To identify nasal septal disease, there clinical features and treatment	Lecture Tutorial Clinical Rotation	C3 P2 A3	3	1	✓	✓
	Epistaxis	▪ To know causes, investigations and treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A3	2	1	✓	✓
	Nasal polyp	▪ To differentiate Ethmoidal polyps from A/C polyp ▪ There investigations and treatment	Lecture Tutorial Clinical Rotation	C3 P2 A2	2	X	✓	✓
	Rhinitis	▪ To differentiate acute from chronic rhinitis ▪ Causes of rhinitis, treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A3	1	X	✓	✓
	CSF Rhinorrhea	▪ To know causes investigation and treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
	Diseases of sinuses	▪ To differentiate acute from chronic sinusitis, there investigations and treatment option ▪ To understand different complications of sinusitis	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
	Granulomatus disease	▪ To differentiate granulomatus diseases and there treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓

	Tumors of Nose + PNS	▪ To identify different sinonasal tumors there investigations, treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
Throat	Disease of oral cavity	▪ To know causes investigation and treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
	Disease of salivary glands	▪ To know causes investigation and treatment options	Lecture Tutorial Clinical Rotation	C2 P2 A2	1	X	✓	✓
	Tumors of oral cavity and salivary glands	▪ To know causes investigation, clinical features and treatment options	Lecture Tutorial Clinical Rotation	C3 P2 A2	2	X	✓	✓
	Oropharynx	▪ To know different disease of orpharynx, causes investigation, clinical features and treatment options	Lecture Tutorial Clinical Rotation	C2 P2 A2	1	1	✓	✓
	Head and Neck space infection	▪ To know causes investigation and treatment options ▪ To understand the complications	Lecture Tutorial Clinical Rotation	C2 P2 A2	1	X	✓	✓
	Tumors of pharynx	▪ To know causes investigation, clinical features and treatment options	Lecture Tutorial Clinical Rotation	C2 P2 A2	1	X	✓	✓
	Anatomy + physiology of larynx	▪ To understand the applied aspect of anatomy and physiology	Lecture Tutorial Clinical Rotation	C1 P1 A1	1	X	✓	✓
	Stridor	▪ Definition of stridor, its causes ▪ To know different methods of establishing airway	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	1	✓	✓
	Larynx / infection	▪ To identify laryngitis, Acute Epiglottitis, LTB ▪ To understand treatment	Lecture Tutorial Clinical Rotation	C3 P2 A2	3	1	✓	✓
	Tracheostomy	▪ Definition of Tracheostomy and its types	Lecture Tutorial	C1 P1	1	1	✓	✓

		▪ To understand its complications	Clinical Rotation	A1				
	Tumors of larynx	▪ To understand its clinical presentation ▪ Investigation and staging of tumors ▪ Treatment options ▪ Voice rehabilitation	Lecture Tutorial Clinical Rotation	C3 P2 A2	2	X	✓	✓
	FB Bronchus	▪ To know how to investigate patient and its treatment	Lecture Tutorial Clinical Rotation	C3 P2 A2	1	X	✓	✓
	Disease of esophagus	▪ To understand different diseases of esophagus ▪ To elaborate causes of dysphagia	Lecture Tutorial Clinical Rotation	C2 P2 A2	1	X	✓	✓
Total					45	9
